

## Eco-Informa '97

Modern Information Technologies and Future Developments for Environmental and Health Issues

Time: **October 6–9, 1997**; Location: **GSF – Research Center for Environment and Health**, Neuherberg (near Munich), Germany  
**In Conjunction with Eco-Informa '97:**  
**ecomед '97 - UMWELT und MEDIZIN – October 9–10, 1997**  
 (German Language Conference)

### Chairmen:

Otto Hutzinger, Hartmut Frank, University of Bayreuth, Germany  
 Helmut Greim, GSF, Neuherberg, Germany

### Organizing Committee:

Josef Brandt, Technical University of Munich, Germany  
 Peter Fabian, Technical University of Munich, Germany  
 Heidelore Fiedler, BifA GmbH, Augsburg, Germany  
 Ulrich Deffner, GSF, Neuherberg, Germany  
 Almut Heinrich, ecomed publishers, Landsberg, Germany  
 Matthias Hilpert, University of Bayreuth, Germany  
 Antonius Kettrup, GSF, Neuherberg, Germany  
 Ulla Schrödel, GSF, Neuherberg, Germany  
 Kristina Voigt, GSF, Neuherberg, Germany  
 H.-Erich Wichmann, GSF, Neuherberg, Germany

**Eco-Informa USA:** Ken Morgan, Leo Newland, Texas Christian University, Fort Worth, USA

### International Scientific Advisory Committee:

Ernst-Günter Afting, GSF, Neuherberg, Germany  
 Sergio Facchetti, European Commission, Ispra, Italy  
 Ned Fleming, NASA, Houston, USA  
 William C. Harris, Biosphere 2 Center, Oracle, USA  
 Werner Hauthal, University of Leipzig, Germany  
 Jamshid Hosseinpour, Ökometric, Bayreuth, Germany  
 Herwig Hulpke, Bayer AG, Leverkusen, Germany  
 Georg Karlaganis, BUWAL, Bern, Switzerland  
 Walter Klöpffer, CAU, Dreieich, Germany  
 Don Mackay, Trent University, Canada  
 Michael Matthies, University of Osnabrück, Germany  
 Canice Nolan, European Commission, Brussels, Belgium  
 Gerald Schimak, Austrian Research Centre, Seibersdorf  
 Gerrit Schrmann, UFZ, Leipzig-Halle, Germany  
 Alarich Riss, Environmental Agency, Vienna, Austria  
 Henry Robitaille, EPCOT, Lake Buena Vista, USA  
 Robert Rogers, ERIM, Ann Arbor, USA  
 Alvin Young, USDA, Washington, USA

### List of Sponsors:

Argonne National Laboratory, Chicago, USA  
 ecomed publishers, Landsberg, Germany  
 Environmental Agency, Vienna, Austria  
 EPCOT, Lake Buena Vista, USA  
 ERIM, Ann Arbor, USA  
 European Commission, Joint Research Centre, Ispra, Italy  
 GSF-Res. Center for Environment and Health, Germany  
 NASA, Houston, USA  
 Texas Christian University, Fort Worth, USA  
 U.S. Department of Agriculture, Washington, USA  
 University of Bayreuth, Bayreuth, Germany

### Invited Lectures

- Michael Matthies, University of Osnabrück, Germany: "Combination of Regional Exposure Models with GIS Information"
- Don Mackay, Trent University, Canada: "Mass Balance Models for Regulatory and Monitoring Programs"
- Kristina Voigt, GSF, Neuherberg, Germany: "From Online Databases to Internet Resources"
- Leo Newland, Texas Christian University, Fort Worth, USA: "Environmental Resources on the Internet"

- Gerald Vollmer, European Commission, Ispra, Italy: "EUSES – a Practical Tool for Risk Assessment"
- Gerrit Schrmann, UFZ, Leipzig-Halle, Germany: "QSAR in Environmental Toxicology"
- Peter Wiedemann, Research Center, Jülich, Germany "Risk Communication and Responsible Care"
- Margaret MacDonell, Argonne National Lab., Chicago, USA: "Environmental Risk Assessment"
- Ken Morgan, Texas Christian University, Fort Worth, USA: "GIS and Remote Sensing for Environmental Applications"
- Walter Klöpffer, CAU, Dreieich, Germany: "Life Cycle Assessment"
- Paul Brunner, Technical University Vienna, Austria: "Materials Flow Analysis, a Tool to Improve Decision Making in Resource and Waste Management"
- Heidelore Fiedler, BifA GmbH, Augsburg, Germany: "Assessment of Waste Management Methods"
- Jamshid Hosseinpour, Ökometric, Bayreuth, Germany: "Environmental Labelling and Declaration"
- Henry Robitaille, EPCOT, Lake Buena Vista, USA "Sustainable Agriculture"
- Werner Geiger, Research Center, Karlsruhe, Germany: "Expert Information on Contaminated Soil via Internet/Intranet, CD-ROM and Print Media"
- Gerald Schimak, Research Centre, Seibersdorf, Austria: "Ozone Monitoring on the Internet"
- Rainer Brüggemann, Institute for Hydrology, Berlin, Germany: "A Generalized Order Concept – a Helpful Tool for Decision Support in Environmental Sciences"
- Johann Gasteiger, University of Erlangen, Germany: "Computer-Aided Methods for Prediction and Identification of Chemical Degradation Products"
- Klaus Grossmann: ZADI, Bonn, Germany: "DAINET (German Agricultural Network) – New Developments"
- Noel Hughes, Environmental Inform. Service, Dublin, Ireland: "Public Access to Environmental Information Services in Ireland"
